MEMORANDUM FOR: Career Management Officer, DDA

FROM:

[REDACTED]
Acting Director of Data Processing

25X1

SUBJECT:

Nomination of [REDACTED]
for Brookings Program

25X1

The Office of Data Processing (ODP) regrets the confusion resulting from the nomination of [REDACTED] for a Brookings Institute Program. His request to be withdrawn from the program was made to enable him to attend the Federal Executive Institute. When pressing work requirements, i.e., a PMCD audit and a Program Design Review, coupled with an unexpected decision to move ODP Applications to the [REDACTED] [REDACTED] shortly after the first of the year, made it difficult for him to attend the more lengthy course, he asked to be allowed to attend the shorter Brookings program. I concurred in his request to do so since his Deputy, [REDACTED] was new in his position and I did not think that [REDACTED] could be spared for a prolonged period.
